Members Zone Terms & Conditions

Before you get started:

Even with good health exercise is not without its risks, it is your sole responsibility to exercise within your own limitations.

As with all physical exercise there is the possibility of physical injury, all exercises recommended are carried out at your own risk.

If you are new to working out, or are returning after a long period of time off then it is important that you ease yourself into a new routine responsibly.

If you have any underlying health conditions, of any kind, we recommend that you seek the approval of a medical professional before embarking on a new workout plan.

If at any point you feel unwell you must stop exercising and notify someone immediately.

Lipstick Lifters is not a licensed medical care provider, we have no medical expertise and therefore we do not advise on the matter.

Lipstick Lifters disclaims any liability from and in connection with your choice to take part in the workouts provided.

By becoming a member you agree wholly to these terms and take full responsibility for your choice to use these workouts.
